

ObGyn Of East Brunswick

“I really love what I do and connecting with patients,” says Uzoma Owunna, MD, FACOG, who joined her all-female obstetrical and gynecological medical group nearly a decade ago.

of life and, most of all, loves bringing children into the world. Each pregnancy and delivery is unique and this makes the process all the more exciting for her.

Dr. Owunna points out that patients today are quite savvy and educated when it comes to treatments and medical options. It’s crucial for Dr. Owunna and her partners to stay on top of the latest innovations. She’s particularly interested in minimally invasive surgery, advanced

frequently share my own experiences with patients to help them feel comfortable about their own issues and concerns and to demystify women’s health for all teens and adults.”

Dr. Owunna enjoys meeting women from all walks and stages

laparoscopy, adolescence and menopause, and is a leader in the use of the TRUCLEAR Hysteroscopic Morcellator System, a safer and more effective alternative to traditional hysteroscopic surgical methods used in procedures such as the removal of uterine fibroids and polyps.
